

VaccineLedger PRIVACY POLICY :

VaccineLedger is a decentralized supply chain management platform that leverages blockchain technology, Internet of Things (IoT), Artificial Technology (AI) and Machine Learning (ML) to capture data for every single vial of vaccine in the supply chains from manufacturer to beneficiary.

Your privacy is important to us. This Privacy Policy ("Policy") applies to services provided by the VaccineLedger platform. ("we", "us", or "Company") and our website, mobile app, or other platform (collectively, the "Services") explains what information we collect from users of our Services (a "user", "you", or "your"), including information that may be used to personally identify you ("Personal Information") and how we use it. We encourage you to read the details below.

1. What information do we collect about you?

VaccineLedger is a scalable and secure platform as a service solution that has capability to become a complete end-to-end traceability solution in the complex supply chains and therefore collect the following data - User name, Email ID, Mobile number (to send OTP and Alerts), Type of Organization the user belong to, Organization name, Region, Country, Address of the user and the Pin code. This is because the user is always mapped to a location, hence we collect this data.

2. How will we use the information about you?

The Name, Email ID, Phone Number, Location details and Organization name is used for account details to map the user to an Organization and a particular location that the user is operating from. To respond to your comments and questions and provide customer service. To send you information including confirmations, billing and invoices, technical notices, updates, security alerts, and support and administrative messages.

3. Who do we share your information with?

We do not rent, sell, or share your Personal Information/Data with other people or third parties and will be secure within the team so that the developing team will be able to work effectively to make it user friendly and make it as interactive as possible.

4. How long do we keep hold of your information?

Due to the Nature of blockchain the User and Organization information will be stored forever and cannot be deleted. But we ensure that once the user deletes the account, the data of the user will be disabled and nobody can tamper that data.

5. How will we notify you of any changes to this privacy policy?

VaccineLedger ensures Users and Organization privacy. Any Changes in Privacy Policy will be intimidated to the user via Email that is registered or via app.

6. Do we collect derivative data from users?

We do not collect any Derivative data, which includes information such as a user's IP address, browser, operating system, language preferences, referring URLs, device name and information about how and when users visit the website.

We only collect the data with regards to the User name, Email ID, Phone number, Organization Type, Organization name, geolocation and pincode details to map the User.

7. Can users register for your website or app using Facebook, Twitter, or other social media accounts?

The user will not be able to register to VaccineLedger via Facebook, Twitter or any other social media platform except their ID's

8. How will you use the information you collect?

Account details of the user - Username, e-mail ID, Phone number, Organization Type, Organization name and location details are collected in order to notify and alert the users of inventory, Order, Shipment, Expired products.

9. Do we have security measures in place that protect your users' personal information?

Data collected is stored in the Block-chain and hence it is not accessible to any one without permissions.

As we store the user data, Blockchain platform ensures that your data is encrypted, which means that modification in data is a difficult task, so it's very difficult to decrypt the data which makes the data secure as long as it was there in the block chain.

10. Contact Information-

email - contactus@statwig.com is the primary source of communication and feel free to contact us if you have any queries.
